**Subject:** Draft: Email to [REDACTED] on [REDACTED] site visit

Hi Nicole,

Please find below the draft email to [REDACTED] about our upcoming visit to [REDACTED]

---

Subject: Upcoming visit to an additional tire crumb processing facility in R3

To: Armstead, John A. <Armstead.John@epa.gov>; weiss, donna <weiss.donna@epa.gov>

Cc: ORCR IO [REDACTED]; Coleman, Cheryl <Coleman.Cheryl@epa.gov>; Mooney, Charlotte <Mooney.Charlotte@epa.gov>; Carusiello, Chris <Carusiello.Chris@epa.gov>; Janjic, Ksenija <Janjic.Ksenija@epa.gov>; Goldblum, Deborah <Goldblum.Deborah@epa.gov>; McQueen, Jacqueline <McQueen.Jacqueline@epa.gov>

---

Hi John and Donna,

In support of the multi-agency research action plan on the use of tire crumb on playing fields and playgrounds (see: [www.epa.gov/tirecrumb](http://www.epa.gov/tirecrumb)), on May 16, a small group of EPA staff and managers from ORCR and ORD, Centers for Disease Control, and the Consumer Product Safety Commission, will be visiting a tire processing facility-- the [REDACTED] tire facility in [REDACTED]. The purpose of the visit is to observe and learn about the tire crumb manufacturing process and to provide an opportunity for the study researchers to ask questions about the source and variability of tires, processing technologies, and other variability in the tire properties.

If you anyone in your office would like to join us on this informative tour of the facility, please let us know by COB on Tuesday, May 10.

We'd be happy talk with you more if you have any questions.

Thank you,

Nicole Villamizar
